

VISU TUBE BASE CHAIR

FURNITURE / LIGHTING / ACCESSORIES

PRODUCT FACT SHEET

MIKA TOLVANEN ON THE DESIGN "The task was to create a personal interpretation of the ever-relevant plywood chair. I wanted my chair to have an unobtrusive and timeless nature that is familiar but never boring and without sacrificing function or ergonomics. Designing a family of chairs, visually related but for different functions, was an iterative and thorough process lasting nearly two years. In the end, I think every detail is exactly as it is supposed to be."

PROCESS Shell is form pressed from wood veneer, then lacquered. The steel tube base is CNC-bent and powder-coated (coloured version) or in brushed steel finish (chrome version).
