

ALFI by JASPER MORRISON

# FIRST LET'S MAKE THINGS THAT LAST.

## **OUR HERITAGE**

In 1944 Emeco was asked to make lightweight, non-corrosive, fire resistant and torpedo proof chairs. The classic 1006 Navy Chair was born, and served duty on American Navy submarines and battleships. Today we work with the world's best designers to create chairs that live up to the handcrafting, Made-In-America standards that we inherited from our founders.

## **OUR RESPONSIBILITY**

For Emeco, design is not only the shape of the product. Our engineers and craftsmen explore and create new materials using waste and environmentally intelligent solutions. We build chairs that are so strong that they are passed down through generations – that's how we define 'sustainability.'

## **OUR MANIFESTO**

At Emeco we build products that last, make the best possible choices for our planet and inspire others to do so, collaborate with the world's best, trust in simplicity and know that our heritage is our future. And, we always ask – How can we make a difference?

**ALFI by JASPER MORRISON**

Emeco and Morrison together, designed and engineered The Alfi Collection with the conviction that what you *don't see* is as important as what you *do* see. Alfi reflects Emeco and Morrison's common appreciation for the invisible qualities behind simplicity. Made of reclaimed and responsibly selected materials, engineered for comfort and strength, and designed to be humble and timeless, Alfi embodies these hidden values.

# Extra-Ordinary

"Alfi was inspired by the woven cane brasserie chairs you see out everywhere on Parisian sidewalks. The Emeco wood filled reclaimed polypropylene seat combines beautifully with the ash wooden leg structures, providing a rich play of materials and finishes. It's one of the most comfortable chairs I have designed." *Jasper Morrison*

Alfi Chair "Green" with high back. Opposite page: Alfi Chair "Sand" with high back.

Alfi Counter Stool "Green" with low back, Alfi Barstool "Dark Brown" with high back.  
Opposite page: Alfi Chair "Red" with low back, Alfi Chair "Dark Grey" with high back.

The Alfi Collection is offered with low or high seat backs. Seats may be selected from the subtle palette of earth tones in dark brown, green, sand, red and dark grey. The base is made of ash wood.

With Alfi, Emeco continues its exploration of using reclaimed and recycled waste to make long-lasting products. Alfi seats are made of 100% reclaimed post-industrial waste – 92.5% polypropylene combined with 7.5% wood fiber.

Alfi Chair "Sand" with high back.

Alfi Bench "Green" with high backs. Opposite page: Alfi Bench "Sand" with high backs.

The Alfi Bench employs cast iron to integrate the seat and frame, thus securing stability and strength to the bench. Alfi seats may be selected with low or high backs in any of the 5 colors.
